Job Comments

Project NS2313SC
Description " THE HIGHLANDS SUBDIVISION " LA HWY 1129
Bid Date 9-03-07
Mr. Terry Trahan
Location St. Tammany Parish

September 3, 2007

Terms/Conditions/Clarifications

1. The prices quoted do not include the cost of a bond. If a bond is required, please add \$ 5.50 per \$1,000.00 of contract amount.
2. The prices exclude the cost of any permits, signs, barricades but do include the necessary traffic control and final grading of the shoulders.
3. We have included our construction layout from horizontal and vertical control points established by others. We have not included any stripping, grubbing or fill material.
4. All materials will be St. Tammany Parish approved and the testing is included.
5. The prices quoted are based on performing the total amount of the work during normal working hours and normal working days.
6. Partial payments and final payment are due fifteen(15) days after date of invoice. Retainage to be discussed and agreed upon prior to signing a contract.
7. We reserve the right to review and approve the Contract Agreement prior to signing and/or starting work.
8. We have included premixing your existing base and asphalt prior to cutting the cement for the Soil Cement Base Course. We have included 10 % cement by volume and this could be decreased slightly after the testing laboratory reviews the material.
9. This proposal is valid for thirty(30) days from the above date.

Please review the quantities, prices and the above items and contact us if additional discussions are necessary.
